

Western Pulp, Paper, & Forest Products Safety & Health Conference
Holiday Inn Portland, Columbia Riverfront, Portland, Oregon
December 2-5, 2025

33rd Annual! Partners in Safety – Steering Toward the Future

Dear Prospective Sponsor,

This year we are excited to offer the annual Western Pulp, Paper, & Forest Products Safety & Health Conference in person again! The conference is the only safety conference offered to the pulp, paper, converting, and forest products industries that is created by labor, management, and government working together for the greater good...***Partners in Safety and Health – Yesterday, Today, and Tomorrow***. The Conference committee consists of members representing the industry -- local unions, mill safety management, contractors, and government agencies. This is the 33rd year!

Past attendance has exceeded 400 people and the event has offered more than 50 educational breakout sessions, roundtables, and more than 45 exhibit booths showing the latest safety and health products and services.

More than ever, the Conference needs the continued financial support from the local unions, mills, contractors, and products/service vendors in the industry. Costs to hold the conference increase each year and we want to keep the registration fee as low as possible. Your support is a key element in the continual development of the high-quality conference we have all grown to expect.

People attending the conference come away with a better understanding of what they can do about safety in their mill with the knowledge they learned through networking with other peers and learning the latest rules, regulations, and policies and procedures.

For 2025, registration fees to attend the 4-day conference are \$450 for the full conference or \$150 for one day (Tuesday, Wednesday, or Thursday) and \$50 for one day on Friday. Fee includes breakfast and lunch on the day registered and session materials (no lunch Friday). Funds for the conference comes from attendee registration fees, exhibit booth registration fees, and asking for donations from unions, mills, contractors, and exhibitors to help keep the costs of the conference reasonably priced.

Sponsors are recognized in the registration program, mobile event app, and featured in a scrolling PowerPoint at the event in the general session/meals/Exhibits room.

In the past 32 years, organizations like yours have helped sponsor this event. The Conference Planning Committee would like to ask for your support for this year's conference. Whether it's a general sponsorship/in-kind donation or sponsoring a break, lunch, mobile event app, or speakers, your generosity is appreciated.

Please make checks payable to:
